Other possible restricted acts under Stage II

Operating a motorized vehicle off designated roads and trails.

Operating a chainsaw outside the hours of 5:00 am and 11:00 am.

Overnight camping limited to listed campgrounds and recreation sites. (An attachment of designated sites would be included)

Mechanical stoves and appliances fueled by bottled or liquid gas which allow the operator to control and extinguish the flame with a valve are permitted provided that such devices are approved by Underwriters Laboratory Inc.

Owners or lessees of land in the restricted area.

Residents in the restricted area.

STAGE III Stage III fire restrictions involve closure of public lands. Evaluation guidelines are reviewed to determine threshold levels that substantiate the need for closures. Examples include:

Potential loss of life due to explosive fire conditions.

Potential for extreme or blowup fire behavior.

Stage II or State III restrictions are not effective in reducing the number of human-caused fires.

Resources across the geographic area are at a critical shortage level.

Proximity to substantial population centers.

The extent of wild land urban interface.
